Envisioning the St. Paul Greenway

Do you want to see a bike/walk greenway extend all the way from the Minneapolis border to downtown St. Paul? Join us in July for Envisioning a St. Paul Greenway, a community discussion to explore how this walking/biking facility could transform how we get around our community. Discussion topics will include neighborhood trail access, safety and accessibility, corridor greening and potential land use changes. Come share your ideas and help make this vision for a healthier, greener and more accessible Saint Paul a reality.

- 4) Ayd Mill Road Resolution
- 5) Other discussion or news
