Let's work together to increase bike parking in St. Paul!

Hi! I'm a customer of yours who appreciates it when businesses have **safe and highly-visible places to park my bike.**

If you'd like to pursue bike parking like this, or add more to what you already have, I'd encourage you to get in touch with St. Paul Smart Trips. They can help you through the process of getting parking installed and may be able to help subsidize some of the expense.

Regards,
